# A Report from our Kingsport Meeting, August 2<sup>nd</sup> AT THE

## Regional Center for Advanced Marketing

A report from our Kingsport session.  
August 2, 2013. 10:00 AM to 2:00 PM

It was a great weather day to drive to Kingsport for the Upper East Tennessee event. **The Regional Center For Advanced Marketing**, 222 W Main St, it is a beautiful facility and we all took a tour before leaving. Very impressive! It's a tied to **Northeast State** and they do some AMAZING things there!

After a welcome from our hostesses, **Marquita Tittle** and **Donna Felty** this writer welcomed attendees representing the TACE board. I encouraged them to plan on attending our annual conference, to go to and use our new, updated website and that TACE apparel is now available.

**Katie Gillman** gave a presentation about Internships from the employer perspective and **Beth Anderson** followed up with a presentation continuing the topic of Internships giving information gleaned from a recent NACE webinar sponsored by the Interstate Career Council.

*And we ate...all morning...we had a Chick Filet tray available for the entire meeting. Thank you to **Donna Felty** and **King University** for the food today.*

We ended the day with a tour of the facilities, got an explanation of 3-D printing and saw examples and got to meet our "newest" TACE member NOA. See photo above It was a great meeting. If you're not able to take advantage of these when they are close to you you're missing out.
