

A Report from our A MID SUMMER BREAKOUT @

Cumberland State Park

Cumberland State Park was the place and the date was July 26th. TACE members and non members gathered for a great time of networking and information gathering.

And we ate!!!!

Pre-lunch we got an update on things going on in the legislature that will have a great effect on Career Services. The presentation was titled: **You can run but you cannot hide: Demystify Career Outcomes.** Thanks to Patricia Jacobs and Alice Camuti for their presentation. **NOTE: They will be giving this again at the Nashville get together in November. You don't want to miss this important update about changes coming soon.**

Then we ate!

After lunch we took a group photo and regrouped to hear about **Reinvigorating Your Life as a Career Services Professional.** Gary Boling was the facilitator of this presentation prepared by Intern Bridge.

Top: Four employers and eight Colleges and Universities were represented at the Summer Breakout.
